Annual Dues - January through December. The club prorates the dues if new members join in any month other than January. Please contact hillcountryastronomers@gmail.com with questions about dues.

___ Single (\$30/year or \$2.50/month), paid ____/____/____ (date)

___ Household (\$36/year or \$3.00/month), paid ____/____/____

___ Student (\$6/year or \$0.50/month), paid ____/____/____ Student memberships are free if the student is part of a household membership. Students under 17 must join with an adult.

I would describe my knowledge and experience level as:

___ **Novice** (*I do not know much of anything about astronomy, but have an interest.*)

___ **Some knowledge and experience** (*I know some basic information about the planets, constellations and celestial objects and can recognize some of them in the sky.*)

___ **Quite a bit of knowledge and experience** (*I know the sky pretty well and can name and have observed planets and deep sky objects such as globular clusters, open clusters, nebulae and galaxies.*)

___ **Very knowledgeable and experienced** (*I have been an amateur astronomy buff for quite some time, have a good bit of experience observing and have done quite a bit of study and reading.*)

___ **Professional astronomer**
